SPRING OPENING

OF THE

Leading Millinery Establishment

IN THE NORTHWEST.

Commencing To-morrow, Monday, April 7, and continuing during the entire week, THE

BEE-HIVE,

unlike other establishments, has not an Opening DAY, but an Opening WEEK, because we are anxious to give ALL an opportunity to inspect, examine, and admire, and this could hardly be accomplished in ONE DAY, nor do we desire to compel our patrons to venture out, should, unfortunately the weather prove unfavorable on the first, second, or any day during the coming week.

Unlike other establishments, an Opening of the BEE-HIVE is not only an Exhibition of everything that is choice, rare, and beautiful.

NO!

IT MEANS BUSINESS in every sense of the word!
IT MEANS to set the ball in motion!
IT MEANS to reap the reward of several months' preparation for the great event!
IT MEANS to let the public, and more particularly our patrons, know that

WE ARE READY TO SELL!

No special Invitations have been issued for this Opening. The Bee-Hive relies exclusively on the daily Chicago press to extend a cordial invitation to all who feel interested to visit our establishment.

THE BEE-HIVE is recognized as THE Leading Millinery Establishment of the Northwest!

Every Leading House Represented!

BUT WE MEAN TO SELL.

Untrimmed Hats.

What Do You Think?

The other day Mrs. W——g, the wife of a prominent La Salle-st. insurance man, priced a Chamber Suit on State-st. at $120.00, and then went to

REVELL'S,

Corner Fifth-av. and Randolph-st.,

Where she found on show a duplicate Suit and same make of goods. Her surprise was great on having the price quoted to her at $92.00. She ordered the Suit immediately, and then asked us to explain how we could make such an apparent sacrifice. We answered that the price quoted be the State-st. firm was low—in fact, just the value of the goods, but that $75,000.00 worth of our stock was purchased during the winter at Sheriff Sale, of Bankrupt Manufacturers, and of course bought "CHEAP," which insured us a fair profit when selling even at 30 per cent below other houses. So it is also with our Carpets, Parlor Goods, Mirrors, Parlor Beds, Desks, Book Cases, Sideboards, Stoves, and an unlimited stock of New and Handsome Goods in our

Why He Hobbled.

THEY'VE ALL GOT THE CHILLS

For three months past the financial world has been dyspeptically, agonizingly, shakily shaking with veritable old-fashioned "blue-mood chills." "Too much wheat," "Too much tariff tinkering," "Too much silver coinage," "Too much political ax-grinding," "Too many dry goods," "Too much wet," and "Too much frost" have combined to freeze up traffic and to cause more shakiness (in Bradstreet reports) than was known in '73. Sea manages to turn everything to profit. Eastern importers with big stocks, big liabilities, and little cash could not wait for the rising of Easter's sun to warm their chilly homes, hence Sea sets catalogues bargains simply staggering, a sale that will enthuse everybody, that will infuse new life and warmth into all preparations for next Sunday's glad cuckoing Easter, a truly BEWILDERING SENSATIONAL EASTER SALE.

Sea's

Never had never been this, either for one cent, considered such an array of genuine bargains. The stocks are good for distribution of only one week of the extraordinary quality of goods, for many departments are depleted at 12 M. We ever seek attractions, knowing that most tempting surprises and most remarkable offers will lead many thither a parcel of 12:01 P. former.

Impressed purchased at Assignee's, sold at large percent of Phenix C. Crosby, Esq., Bankrupt, Boston, Shoddy, Shoddy, Cheesecloth, etc. This stock, of the best Boston, consists in Dry Goods, Fancy Goods, Notions, etc., and will be closed out and sold in retail goods.

THE GREATEST

BOON

Ever Offered to Suffering Humanity.

Arend's Kumyss

MILK CHAMPAGNE

(TRADE MARK)

Should be the refuge of the physician in all those cases of debility in which general improvement of the general tone is desirable. Kumyss is the blandest and most easily digested food, and as such the best nourishment for a weak stomach at the same time, through the process of fermentation which Kumyss undergoes, medicinal qualities are developed which we vainly look for in materia medica. In nausea, vomiting, extreme cases of dyspepsia, Kumyss acts like a charm, promptly relieving all the distressing symptoms of such cases. When the stomach rejects all else, Kumyss is retained and assimilated, affording the patient nourishment, strength, and comfort, and, as a logical consequence, convalescence ensues and refreshing sleep follows. In scurvy, intermittent, gastric, and typhoid fever, Kumyss is the best diet. In malarial fever and hemorrhagic and adynamic fever, Kumyss has conclusively the advantage over drugs, in that it can never do harm. To those who evaporate stomach with drugs is an absurdity which no intelligent physician attempts in this day. Did not spirit in extremis cases should Kumyss be resorted to, it should be the chief remedy for a weak stomach under all circumstances. The dyspeptic brain-worker with a few glasses of Kumyss a day will improve his digestion and his nerves force. Ladies would be less nervous, more vigorous, and healthier-looking if they would add to their daily diet a few glasses of Kumyss. Good for Consumptives on Kumyss. Beware of imitations.

Arend's Kumyss is not sold in the trade, but to consumers only.
